

Committee of the Whole Meeting – Feb. 16, 2021 Staff Responses to Council Questions

Before each Committee of the Whole or City Council meeting, questions that have been posed by the City Council relating to [the agenda](#) for that evening will be posted to the City's website. Below are the responses to this week's questions.

3. Items of Business

c. Consider Draft Resolution Authorizing Execution of a Water Extension Agreement with Waste Management of Illinois, Inc.

Q: The map on page 171 shows several properties north of the railroad tracks on Reed Road to be provided service. The map on page 172 does not show any extensions to this area. Will this location not require extensions?

A: Reed Road east of Kirk Road, as well as Old Kirk Road north of Reed Road, have access to the existing Geneva water distribution system so extensions will not be required in this service area, just service connections to the existing water main. There will be some minor extensions of the City system east of Kirk Road to as well as south of Reed Road to loop the system to enhance water quality and fire flows in the area.
